5 – 9 HEATH ROAD, KELLYVILLE

This was a heavily contaminated site for which an extensive remediation program was implemented, resulting in a positive outcome for both the site and the environment. The end result is a high quality boutique community estate.

There are 77 community title residential lots and one community association lot, or the protection of environmentally sensitive land.

Major challenges overcome

- Remediation of contaminated material
- Remediation of uncontrolled fill
- Construction of fire trail
- Dedication of public road
- Rehabilitation of native vegetation
